

Company Profile:

Innovation

Design is always moving.

The foodservice market is ever changing, and in order to succeed we must be adaptable and innovative. We are resourceful, nimble and unique problem solvers. We are happy to look for new ways to help our clients.

Quality

Attention to detail is what we do.

KEAGGY strives for excellence in everything we do, from design, coordination, documentation, and beyond. Our attention to quality is found in everything that we do. We have the highest standards for our documentation. By leveraging the most current software in our industry, we can supply custom solutions to our clients.

Integrity

Our word is our bond.

Our honesty, integrity and open communication builds trust with our clients. We aim to do the right thing for our clients every time.
